

ECOSYSTEM DEVELOPMENT

Odyssey(OCN) will keep developing OCN Chain, supporting cross-chain interoperability, benefiting more business transactions and Dapp developments in the ecosystem.

Odyssey(OCN)'s Github repository has moved to a new address due to issues with updating the progress on the old Github address. The new address will now support and show our latest updates!

See the latest technical updates on Github:
<https://github.com/OdysseyOCN>

Tech Development Completed:

OCPay - Test of Group Chat Module on IM

Tech Development in Progress:

OCNChain - Multi-terminal Joint Debugging of the Payment Module

OCP/OCN LATEST DEVELOPMENT

1.OCNEX has been approved for digital asset exchange license from Malta MFSA. OCN is committed to provide the OCN community and OCNEX users with better digital asset trading experience and more diversified digital asset financial products in the coming future.

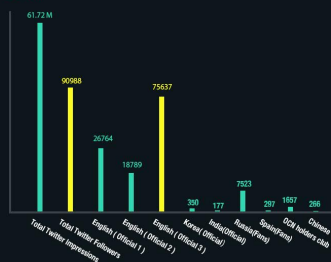

2.Odyssey has completed November OCP Airdrop distribution through registered wallet addresses, OCPay and OCNEX.

3.Odyssey has just completed OCN December Buyback with OCNEX's 2018 Q4 revenue.

ODYSSEY(OCN) COMMUNITY

The Odyssey(OCN) Community has grown immensely with insightful discussions
